ABRASIVES REFRESH

Cut out the pain of poor quality with parts you can trust

Same quality · Same supplier · New part numbers for the latest, refreshed products

As market leaders in all cutting, grinding and accessory needs, we are pleased to unveil Abracs as the brand behind our abrasives. Abracs have been producing professional quality abrasive products for 3 decades and with 150+ years of experience it is a brand with professional-grade abrasives and power tool accessories.

We are refreshing our range to show the Abracs branding. As such, existing part numbers will be replaced with new ones as and when current stock is exhausted. All new parts will have the same specification as the old part number. Please see the list below and contact us on **01392 684000** or sales@vapormatic.com for more information.
