NEW 2017 JVC Radios Update

To keep up to date with the latest 'in vehicle' audio technology, Vapormatic has introduced six new DMR (Digital Media Receiver) head units in to the audio range.

Depending on your requirements, these radio's range from the VLC5768 entry level model (featuring front USB & AUX input), to the top of the range VLC5767 (featuring CD, DAB+, Bluetooth® & USB/AUX input).

Both the VLC5769 and VLC5768 are "short body" DMR units, ideal for ATV vehicles or applications where space is at a premium – both feature Bluetooth® & USB/AUX input.

In addition the 2017 Bluetooth® models (VLC5767, VLC5771 & VLC5769) also feature compatibility with the new JVC App for iOS (iPhone & iPod) & Android devices, USB 1.5A high current charging for smart phones, auto pairing, timed sound output, 24 bit playback support, connectivity for up to 5 Bluetooth® audio devices and full time connection for two smart phones. For more information on the range please see below.
